Program Information and updates will be posted at:

Goals for the Program:

To provide an enjoyable activity where participants will have the opportunity to develop:

- Basic technical models for the main events of Track and Field.
- Physical Fitness qualities and general health.
- New friends.
- Life skills (ie. Self discipline, respect for authority, competitiveness, cooperativeness, sportsmanship and self confidence)

Competitions:

Competitions are optional.

We would encourage participants to compete in the 60m and 4x200m relay, but it is not a requirement. The 150m or a distance event would be an option if the participant feels that they are prepared to have a successful experience.

Tentative Schedules:

10:30am-12:30pm	60m and 4x200m relay
Afternoon	150m and Distance Event

“The most important kind of success comes from striving to win and giving maximum effort. The only thing athletes can control is the amount effort they give. They have incomplete control over the outcome that is achieved”
