**Jordan Fish:**

In 2015, SAIT renamed its annual Cross Country race to the Jordan Fish Cross Country Open. Jordan Fish was a member of the SAIT Trojans Cross Country and Track teams from 2012 to 2014, and passed away suddenly on January 4, 2015. With his kindness, sense of humor and infectious personality he quickly became good friends with everyone on the team. Jordan was exactly the kind of guy to build a team around. He worked extremely hard in practice and drove others to do the same. He was always happy and joking around which kept things light and fun for everyone. XC running is unique for running in that it is about the team first. Jordan always gave 110% in racing as he not only didn't want let himself down, but more so didn't want to let the team down. People see that sort of dedication and they do the same. The SAIT Trojans define a Trojan as a SAIT Student Athlete with courage, determination and a fighting spirit. There is nobody that exhibited those attributes more than Jordan. Proceeds from the race go towards a scholarship in Jordan's name that is awarded every year to a member of the Trojans XC running team who most displays these qualities.
