

UCAC Athlete Entry Fee Policy

In the fall of 2023, the UCAC board made the decision to lower annual membership fees and have athletes pay their own meet entry fees. The following policies will be implemented.

In-Town Meets

Coaches will send their athlete entries for a meet to the Administrator **as per the deadlines provided by the Head Coach** prior to the meet.

The Administrator will enter the athlete for said meet and email them for payment (including a table for ease of tracking payments). Due dates for payment will be included in the email. Attached below is the season schedule from the UCAC website showing registration deadline dates.

Athletes have a deadline to pay entry fees. **If fees are not paid on time they will be permitted to compete, however are responsible for paying all unpaid fees before they are eligible to be entered in any other meets.**

Any athlete scratching (not competing) after the stated fee or scratch deadline, posted by the Administrator, remains liable for paying all entry fees for their registered events. Please contact the Head Coach for any extenuating circumstances.

Coaches are cc'd regarding all late or non-payment entries.

Out of Town Meets

The above policy also applies to out of town meets however with different timelines. Please be sure to read all emails coming from the Administrator.

Athletes not staying with the Club at an out-of-town meet must notify the Administrator as soon as possible to avoid being charged lodging fees.
